MATISSE digital signage

The Matisse digital signage product brings the elevator notice board into the 21st century.

Using MosaicONE – the digital signage management software by MAD – you can create customized digital designs for your elevator signage. With the easy-to-use cloud-based editor, you can preview and publish your content from anywhere with an internet connection, or schedule in advance.

Our team is happy to help customize your project and get you running in no time.

Seamlessly integrate:

- ✔ News & RSS feeds
- ✔ Time & Weather
- ✔ Stocks
- ✔ Pictures & Videos
- ✔ HTML content
- ✔ Scheduling
- ✔ Fully customizable

Create & Manage Your Content
