

# TOUCH-TO-GO

## Elevator Touchscreen Solution

The Touch-To-Go elevator touchscreen system is a digital solution that seamlessly replaces traditional pushbuttons, elevating not only the user experience but also the elevator's professional ambiance. Elevator wait times are transformed into a dynamic, visually engaging experience through this innovative interface. Maintaining its pristine appearance is effortless, as the touchscreens can be effortlessly cleaned with glass-approved solutions, including 70% alcohol, effectively eradicating germs and viruses.

Easy-to-clean surface

Change screen themes for special events & occasions

Give guests discount offers and promotions

Brand your elevator with logos, graphics & videos

### Key Features:

- Remote admin and updateability
- 15 or 21" HD LED display with a viewing angle of 178°
- Fire emergency, active shooter, destination dispatch, and other special services available
- Fully customizable graphics and themes
- Vandal-resistant, code compliant and easy to clean
- Operated with finger touch or with a gloved hand
- Video, live video, live news ticker, weather and 2-way video capable
- Interface with any elevator controller
- Multiple sizes available

# Example Screens

One of the greatest advantages of the system is the ability to brand the interior of your elevator with your own logos, graphics and videos. From hotels to commercial retail spaces - every application has its own opportunities to leverage the visual real estate inside your elevator cab.
